Welcome to AMSOS 2015

Dear Colleagues,

After the successful combined AMSOS/EMSOS 2014 Meeting in Vienna, we are pleased to invite you for the next event of our Society to be held on

7th December, 2015 at the Hotel & Palais Strudlhof.

In contrast to the wide range of topics during the combined AMSOS/EMSOS Meeting this one day symposium will focus on recent advances and new horizons in soft tissue sarcoma. Topics will include oncological, pathological, clinical and surgical aspects as well as advanced radiotherapy. At the end of this day you should be provided with compound information presented by internationally renowned experts on these topics.

For further information please visit our homepage: www.amsos.at

Besides these scientific and clinically important aspects the date and venue will give you the possibility to visit and enjoy the well-known, eventful Advent season in Vienna with numerous attractions for you and your family.

Looking forward to welcome you in Vienna, best regards

R. Windhager
President AMSOS

T. Brodowicz
Vice-President AMSOS
