## WELCOME MESSAGE

Dear Colleagues,

On behalf of the local organizers and all Czech gastroenterologists, it is my great honour and pleasure to cordially invite you all to attend the **6<sup>th</sup> Central European Gastroenterology Meeting (CEURGEM)**, being held in **Prague from June 25<sup>th</sup> to June 26<sup>th</sup>, 2010**.

The idea staying behind the organization of this local initiative reflects the growing impression, that the raising pressure for globalization and unification has to be balanced by careful care for local awareness, traditions and spirits.

The symposia focusing mainly on several leading issues of our speciality: colorectal cancer, pancreatic cancer, inflammatory bowel disease, digestive endoscopy and liver transplantation will touch their regional specificity and provide a view on worldwide progress and news.

Exceptional elite of internationally known experts will demonstrate both the hottest news together with rational analyses to all participants through lectures and interactive discussions.

Spirit and unique atmosphere of Prague are known to everybody and do not need to be emphasized. The cocktail of cultural events, architectural beauty, relaxed ambience, exquisite cuisine and shopping opportunities make Prague one of the most visited cities in the world.

We believe that CEURGEM 2010 will be a truly memorable event that anyone involved in our beloved speciality and in connection with our region cannot afford to miss.

I look forward to seeing you at this exciting event in Prague in June 2010.

**Julius Špičák**
